Who are we?

LifeStudio | Care Beauty Relax was founded in 1996. We began offering medical aesthetic treatments in 2023, such as Botox, Hyaluron, hair growth therapies and so on.

We focus on discovering new treatments, products, and innovative equipment to provide the best results and experiences for our clients.

We've also developed a systematic approach to training, ensuring a steady supply of skilled staff.

Additionally, a mature system for management, product supply, and marketing has been established .

Yasmin Buono – alternative practitioner (cooperation partner)
offers injections and supports curriculum development

In 2002 I obtained my license as an alternative practitioner.

I opened my practice in February 2003 and since 2006 I have been giving seminars at various Paracelsus schools in southern Germany.

In 2010, medical aesthetic therapy aroused my interest and I have been passionate about it ever since.

I also give training courses in this area and continue to educate myself in order to offer my patients and customers the best. Aesthetics and beauty start primarily from within.

That is why I try to give my patients consistent advice so that they are satisfied and happy with their inner and outer appearance.
